

construction. According to MGE, Williams has stated that although it is beginning construction in January, it is not planning to file an advance notice with the Commission until February.

MGE asserts that if the Commission does not order Williams to immediately cease its violations of the NGPA and halt construction of the pipeline project, MGE, in the alternative, requests that the Commission place Williams fully at risk for the construction costs and order an immediate contract demand reduction in MGE's current agreement with Williams. MGE also states that if the relief it seeks cannot be granted on the basis of its complaint, it requests a full and immediate evidentiary hearing.

Any person desiring to be heard or to make a protest with reference to this complaint should on or before February 21, 1997, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules. Answers to the complaint shall be due on or before February 21, 1997.

NorAm Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

January 22, 1997.

Take notice that on January 15, 1997, NorAm Gas Transmission Company (NGT) tendered for filing as part of its FERC Gas Tariff, Fourth Revised Volume No. 1, the following revised tariff sheet to be effective January 16, 1997:

Original Sheet No. 7G.01

NGT states that this tariff sheet is filed herewith to reflect specific negotiated rate transactions to be effective for two days, January 16, 1997 and January 17, 1997.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestant parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

Secretary.

[Docket No. SA97-1-000]

PanEnergy Texas Intrastate Pipeline Company; Notice of Petition for Adjustment

January 22, 1997.

Take notice that on December 23, 1996, PanEnergy Texas Intrastate Pipeline Company (PanEnergy) filed pursuant to Section 502(C) of the Natural Gas Policy Act of 1978 (NGPA), a petition for adjustment under Section 285.123(b)(1)(ii) of the Commission's Regulations to permit PanEnergy to use its tariff on file with the Railroad Commission of Texas (TRC), for suspendable interruptible transportation services performed pursuant to NGPA Section 311.

In support of its petition, PanEnergy states that it provides intrastate transportation service within the State of Texas, and is a gas utility subject to the jurisdiction of the TRC. PanEnergy states that it was formed in order to operate pipeline facilities spun down by Florida Gas Transmission Company, and later sold to PanEnergy Field Services. Those facilities are called the "North Citrus System". PanEnergy provides intrastate service to Onyx Pipeline Company, L.C. (Onyx).

Subsequently, PanEnergy also acquired an intrastate pipeline from Falfurrias Pipeline Company, successor-in-interest to Mobil Vanderbilt-Beaumont Pipeline Company (Mobil Vanderbilt). Mobil Vanderbilt, and subsequently, Falfurrias, offered Section 311 service pursuant to Commission order (73 FERC ¶ 61,256 (1995)). The Falfurrias line is now being operated as a small but integral part of PanEnergy's system. PanEnergy is now interested in offering interruptible Section 311

service which would use the integrated system. It requests that the intrastate service performed on behalf of Onyx should be viewed as "comparable" to that contemplated under Section 311.

The regulations applicable to this proceeding are found in Subpart K of the Commission's Rules of Practice and Procedure. Any person desiring to participate in this rate proceeding must file a motion to intervene in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedures. All motions must be filed with the Secretary of the Commission within 15 days after publication of this notice in the Federal Register. The petition for adjustment is on file with the Commission and is available for public inspection.

Lois D. Cashell,

Secretary.

[Docket No. RP97-138-001]

Shell Gas Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

January 22, 1997.

Take notice that on January 16, 1997, Shell Gas Pipeline Company (SGPC) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the tariff sheets set forth on Appendix B to the filing, to become effective June 1, 1997.

SGPC states that the amended tariff sheets set forth revisions to SGPC's December 2, 1996 tariff filing, made to comply with Order No. 587, to better conform SGPC's tariff to Order No. 587.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington D.C. 20426, in accordance with 18 CFR 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before February 12, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
